Re: DEC
World Olivet Main Center
110 Dover Furnace Rd., Dover, NY
17PR03297

Dear Mr. Wilson:

Thank you for requesting the comments of the Division for Historic Preservation of the Office of Parks, Recreation and Historic Preservation (OPRHP). We have reviewed the submitted materials in accordance with the New York State Historic Preservation Act of 1980 (section 14.09 of the New York Parks, Recreation and Historic Preservation Law). These comments are those of the Division for Historic Preservation and relate only to Historic/Cultural resources.

OPRHP has reviewed the Phase I archaeological survey report submitted for this project – *Phase 1A Literature Search and Sensitivity Assessment, Phase 1B Archaeological Field Reconnaissance Survey, Main Center Project: World Olivet Assembly, Dover Furnace Rd, Dover, Dutchess County, New York* (Hudson Valley Cultural Resource Consultants, May 2017).

Based on the information provided in this report and an assessment of standing architectural features, OPRHP recommends that the planned project will have **No Impact** on cultural resources listed or eligible for listing on the State or National Register of Historic Places. This recommendation pertains only to the Area of Potential Effects (APE) examined during the above-referenced investigation. It is not applicable to any other portion of the project property. Should the project design be changed OPRHP recommends further consultation with this office.

If you have any questions, please don't hesitate to contact me.

Sincerely,

Philip A. Perazio, Historic Preservation Program Analyst - Archaeology Unit
